

OLD BEND NEIGHBORHOOD ASSOCIATION

Board meeting MINUTES November 9, 2020

Board members present: Chris Freiss, Ward Tonsfeldt, Richard Ross, Mark Weers, Jodell Born, Travis Abele

1. Need to choose a parking advisory committee- maybe should be same people who were on the original committee; Residents and/or business owners in the district. Will send an email for what is involved and their duties and see who applies. Need 5 people. Travis will compose a letter. Need to reserve one spot for a business owner and one for a vacation rental owner.
2. Neighborhood boundaries- NLA subcommittee discussing boundaries, new developments are filling in and there are 3 plans on how to re-do the boundaries. There is a theory that Old Bend is over represented. There was a vote to keep the neighborhood small with the boundaries.
3. Delaware/Sisemore traffic: There will be striping happening soon for the greenway on Delaware. There was a meeting in early September and discussion about what comes next- we are pushing for traffic calming but don't have a solution yet. Now that the bond measure passed, there is likely going to be money to do something. We will need to brief our council liaison on the issues.
4. We need to start recruiting candidates for the board. We can have 11, currently have 7.
5. Micro-units: small discussion about how we feel about them, they are allowed in RM but not in RS.
6. Parking district info/link needs to be put on website- Jodell will put link on once she receives it.

Adjourn- Next meeting Monday December 14th, 6pm via ZOOM
