2. Parking district update: Travis noted that all signage is up. Warnings have been given, and ticketing started in February. A survey will be going out later to see if the East end of our neighborhood wants to participate and how it is going overall. There was discussion about more 2 hour parking.

3. Traffic safety committee: Richard reported that a committee has been formed for traffic safety in our neighborhood. It consists of Will Warren, Jayson Bowerman, Jeff Rudehouse, Nunzie Gould, Richard Ross and John Fisher. Top priorities: 1. Sisemore- a walkway is coming. Amity school is getting a better crosswalk as well. 2. Colorado corridor- there is a proposal to restrict parking by intersections like Sisemore. 3. Riverfront st. trail. We will be asked soon where we want a speed tracker- most likely Arizona, Bond, and Broadway. We have until mid April to decide.

4. The board voted to have Karen Harding join the board. It was approved by all.
